Renewal of Probationary and Permanent Licensed Personnel

Each year by March 15, the Board must take action on contracts for all licensed staff. Licensed staff currently on temporary contracts are automatically non-renewed; this action is not based on performance.

The list will return for the Board's consideration at the March 11th meeting.

Discussion on Copier Services

The current contract for copy machines will conclude at the end of May. A committee was formed to review copier services and presentations by four copier suppliers. Based on price and favorable references, committee members recommended IKON Business Solutions as supplier for the District's copy machines. A contract for the Board's consideration will be presented at an upcoming meeting.

Update, Construction Excise Tax

The state legislature approved a bill in the last session allowing school boards to implement a construction excise tax on new construction in districts. One of the precursors to implementing the tax is the procurement of intergovernmental agreements with each taxing entity.

Superintendent Rinearson and Director Belloni are working with taxing entities to procure the agreements, which have been approved by the cities of Lincoln City and Newport. Lincoln County also approved an agreement, contingent upon receiving "endorsements" from cities using the County as a taxing entity. The Superintendent and Director are scheduled to visit all of the cities involved to address this requirement.

Once the interagency agreements and endorsements are in place, the board will consider a resolution imposing the tax.

Update, Food Services Request for Proposal

A committee was formed to consider Request for Proposals (RFP) for food services; two responses from Sodexo and Chartwell were received. The committee scored the RFPs and Sodexo received the highest score. A recommendation to name Sodexo as provider of food services will be considered by the Board at the March meeting.

Next Meeting: March 11, 2008- 7:00 p.m. at Newport High School.
