

Welcome!

LINCOLN COUNTY SCHOOL DISTRICT serves all of Lincoln County. From our inland mountain towns to the coastal communities, each area of our district is unique. Despite the different cultures and perspectives, I am proud that our teachers and other staff are united as a team with the goal of PROVIDING QUALITY LEARNING FOR ALL STUDENTS.

We are in the "learning" business, and it is my belief that each of us must be learners as we travel this road of life. Our mission at Lincoln County School District is to develop passionate learners and responsible citizens. We welcome new team members who are committed to helping our youth learn at high levels... PLEASE JOIN US IN THIS IMPORTANT ENDEAVOR!

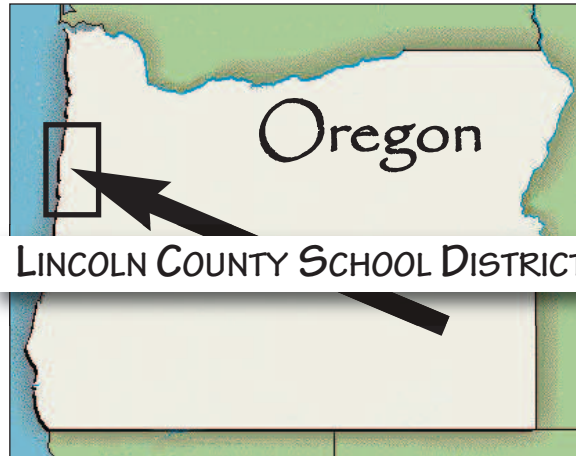

Sincerely,

Tom Rinearson, Superintendent

Lincoln County Schools

We Invite You to Join the Teaching Team
at Lincoln County School District.
HERE'S WHAT WE CAN OFFER YOU!

- **Rewarding Position in Mid-Size District**
520 teachers, administrators and support staff serve 5,400 students at 12 schools and 4 charter schools.
- **Competitive Salary & Benefits Package**
See accompanying sheet for our salary schedule. Our pay meets or beats those of comparable districts!
- **New Teacher Mentor Program**
All first- and second-year teachers are matched with a trained mentor, receiving a minimum of 90 hours of hands-on support. Participants are eligible for 18 hours of continuing education credit.

– High Retention / Quality Staff

Our teachers average of 13.4 years of teaching experience; 67% have a Master's degree or higher.

– Technology

Computers, interactive white boards, document cameras, data projectors, digital cameras, and more are available at all district schools and most classrooms.

– Numerous Professional Development Opportunities

Reimbursement is available for teacher-initiated professional development, and stipends awarded for advanced education or certification. In-district, our professional educators may participate in Ocean Literacy activities, math coaching training, SIOP training, and National Board certification, to name a few.

– Ocean Literacy Initiative

Following release of the West Coast Governors' Agreement on Ocean Health, Lincoln County School District has made Ocean Literacy a priority. In cooperation with Oregon Coast Aquarium and other local agencies, the school district is working to make learning about the ocean a regular part of the K-12 student experience. Local partnerships provide staff professional development, materials and support for increasing students' ocean literacy while addressing Oregon state standards.

– Arts, Science, Business Partnerships

Lincoln County School District regularly partners with leaders in our Arts, Business and Science communities . . . National Oceanic and Atmospheric Administration (NOAA), Oregon State University, Let There Be Arts, Oregon Coast Aquarium, Hatfield Marine Science Center, and many more.

– Support for School Improvements

County voters overwhelmingly approved a \$63 million general obligation bond measure in May 2011. Thanks to this vote of confidence for their local school district, we can build a new high school in Waldport, construct 34 new classrooms at seven of our schools, and make novations and upgrades at all of our schools.
