FROM THE PRINCIPAL

Dear Parents and Community Members,

This report card issued by the Oregon Department of Education offers a school profile based on a number of categories. This was the second year for the Smarter Balance Assessment and NHS showed significant growth in both English Language Arts and Mathematics assessments, performing above the state average in both areas. Additionally, more freshmen students were on track to graduate within four years.

Although not rated in our report card, college bound students taking Newport's International Baccalaureate (IB) Program tested at or above world averages this school year. All of our IB Diploma Candidates successfully earned the IB Diploma.

Newport High is always looking for ways to improve student learning. NHS continues to focus on implementing the Common Core State Standards, reinforcing literacy across content areas, providing intervention time in our regular schedule, and further refining proficiency based grading to provide students with more feedback about their progress. We look forward to another successful year. Go Cubs!
Thank you,

Principal | Jon Zagel
