Superintendent's Report

Superintendent Rinearson recognized Waldport High School, named one of 88 schools in Oregon to be ranked by U.S. News & World Report as a "Best High School." The school was one of 55 in the state to be rated at the "bronze" level. The rankings are based on performance on state proficiency tests and considering the percentage of economically disadvantaged students, as well as college readiness.

Mr. Rinearson thanked the Tanger Outlet Center for the donation of funds to district programs from the sale of coupon books (\$1.00 for each book sold). Teachers may submit applications to the "TangerKids Grants" program. Ruth McDonald received a grant for \$2,250 to support Students Engaged in Underwater Engineering, and Oceanlake teacher Starla Nelson received \$1,250 to purchase Guided Reading materials.

The Superintendent recognized Crestview Heights teachers Faith Forshee, Ingrid Olson and Krista Williams for their receipt of a "Student Achievement Grant" from the NEA Foundation. The grant will purchase an additional 15 Ipad minis to be shared with the three classrooms.

Superintendent Rinearson thanked two H.E.L.P. student tutors for their kind words in a letter of support they wrote about the program for a grant application. The girls are part of a student work program where they gain job skills, write resumes, practice interviews, make money, and tutor younger students. Board members received copies of the letter.

Mr. Rinearson reminded Board members of the first Budget Committee meeting Tuesday, May 21, 7:00 p.m. at Newport High. If a second meeting is necessary, it will take place on Wednesday, May 22nd, 7:00 p.m. at Toledo Jr./Sr. High. A decision regarding whether or not to have a second meeting will take place at the May 21st meeting.

The annual Retirement/Recognition event is scheduled for Thursday, May 23rd at Toledo Elementary School, with the social hour from 6 to 7 p.m. and the program at 7:00 p.m.

declared the need for a layoff of personnel for the next school year, directing staff to do all possible to minimize the effects to students and staff.

Superintendent Rinearson explained this declaration is needed to meet requirements of employee contracts, and expressed his hope that it may not be necessary.

Discussion on 2013/14 Calendars

Operations Administrator Joe Novello presented draft calendars for the 2013/14 year. The calendars were revised from the one approved last year to reflect changes in inservice days, as well as Toledo Jr./Sr. High's switch to a calendar similar to Taft 7-12's (with "Friday School" days).

Mr. Novello noted the calendars have changed slightly from those in the Board Folder, with dates in May corrected and inservice dates for beginning and/or teachers new to the district added. The calendars will return for the Board's consideration at the next meeting.

Discussion on Achievement Compact

Operations Administrator Joe Novello updated the Board on the Achievement Compact, a requirement from the Oregon Education Investment Board (OEIB) begun last year. He reminded the Board that the Achievement Compact Advisory Committee recommended the district use data from the 2011-12 year and build a trajectory to reach final targets.

OEIB requires the compact be submitted electronically; it may not be printed until it is complete. The compact must be submitted no later than June 30th. Mr. Novello will present the compact at the June meeting, and the Board will consider it that evening.

The state legislature is considering a three month delay for submission of the compacts. If

this occurs, the District will ask to submit a new compact based on current year data.

Discussion on Insurance Carriers, Other than Health

John Russell, the District's Agent of Record, presented information regarding insurance carriers for the coming year, for insurance other than health. Mr. Russell represents PayneWest Insurance, formerly "Western States Insurance" ("Doerfler Insurance" before that).

He reported property insurance rates will increase, due in part to the large amount of added value (new buildings) in the district. Workers Compensation rates have decreased.

Mr. Russell recommended the District continue with PACE for property/liability/auto and SAIF for workers compensation insurance for the coming year. The Board will consider carriers at the next meeting.

School Meal Prices, 2013/14

Business Manager Julie Baldwin reported that, in order to move toward parity with the National School Lunch Program, school meal prices for the coming year will increase by \$.05 per meal.

Possible Contingency Fund Transfer

Crestview Heights experienced unanticipated repairs this spring due to an infestation of mold. Staff is exploring ways to fund the repairs that will create the best financial picture for the district.

Should it be most beneficial to expend funds from the general fund for these repairs, a resolution approved by the school board will be necessary. Business Manager Julie Baldwin presented the draft resolution, and noted a recommendation from Superintendent Rinearson will be made at the June school board meeting.

Update on Crestview Heights Repairs

Director of Support Services Rich Belloni reported all of the mold is gone and ducts are clean at Crestview Heights. Siding should be completed in the coming week or two. Classrooms are being repainted, and tile installed.

Mr. Belloni expressed kudos to the staff, the principal and school secretary for turning “lemons to lemonade.” He also expressed gratitude to T. Gerding Construction and Construction Manager Kevin Lindsted for their help and flexibility in dealing with the situation.

Discussion on 2013/14 Board Meeting Calendar

A draft board meeting calendar for the coming year was presented, with meetings scheduled (for the most part) on the second Tuesday of each month. During the school year, meetings take place at varying locations around the District.

Summer meetings are sometimes scheduled on Tuesdays other than the second to accommodate vacation and inservice schedules. The calendar will return for the Board’s consideration at the next meeting.

Discussion on Board Retreat

The Board plans to meet in a retreat setting on June 14 and 15, 2013 to begin a discussion on board goals and other possible topics that require more time for discussion than that allowed in a regular session meeting. Superintendent Rinearson asked board members to forward topics of interest to Laurie Urquhart.
