**A Summary of the September 10, 2013 School Board Meeting**

The school board met in regular session on September 10, 2013 at Oceanlake Elementary School with approximately 60 members of the staff, media and patrons present.

## **Consultant Report- Greg McKenzie**

Greg McKenzie of Window to Leadership LLC reported he met the afternoon of the board meeting with two board members and other district staff to plan the superintendent search. He presented a proposed search calendar which will serve as a road map of the process. The calendar lists the job being posted in mid-December and closing January 31, 2014, with screening committee activities, interviews, “meet and greets” to follow. The hope is to select a new superintendent in March, 2014.

Community and staff meetings will be scheduled between October 8-10, 2013 to gather input on desired qualities and qualifications of a new superintendent. An online survey will be available as well for those unable to attend the meetings.

Mr. McKenzie noted the Board should take action on several items that evening: declaring the Superintendent position vacant, approving a contract for professional services for the search along with the proposed search calendar, and approving an advertising/posting budget.

Superintendent Rinearson recognized the Waldport Lions Club for their donation of \$1,000 to Waldport High School. The funds will be used in the positive referral program which rewards students with \$5 certificates to be used at local businesses.

The Superintendent reported that Oregon State Police volunteers are partnering with the District to provide periodic patrols at schools in Lincoln City, Newport and Waldport. The goal is to provide a visible presence near schools and to promote a safe school climate.

Mr. Rinearson recognized the Homeless Education and Literacy Program (H.E.L.P.) for holding back to school events in Lincoln City and Newport. Approximately 450 students were helped between the two events; they received school supplies, hygiene items, clothing and information on local resources.

Newport High Principal Jon Zagel and Athletic Director Wayne Spencer shared information regarding the new student evaluation model (grading) and how it interfaces with the current co-curricular eligibility requirements. Superintendent Rinearson noted a recommendation will be shared when it is available, and said “we want to be fair to kids.”

### **Discussion on Policies JOA, JOB, IGBAB/JO-AR, IGBAB/JO-AR, IGBAG-AR, IGBAJ-AR**

Special Education Administrator Susan Van Liew presented several policies and administrative rules for the Board’s discussion:

-Policy JOA, Directory Information;  
-Policy JOB, Personally Identifiable Information;  
-IGBAB/JO-AR, Education Records/Records of Students with Disabilities Management;  
-JO/IGBAB-AR, Education Records/Records of Students with Disabilities Management;  
-IGBAG-AR, Special Education- Procedural Safeguards;  
-IGBAJ-AR, Special Education- Free Appropriate Public Education (FAPE).

Ms. Van Liew reported the main reason for the revisions to the policies and administrative rules is a change in the Family Educational Rights and Privacy Act (FERPA) federal law. Disclosure of student records is now allowed to be shared with child welfare services without parental permission, under certain circumstances. The policies and administrative rules will return for the Board’s consideration at the next meeting.

### **Update on Facilities**

Director of Support Services Rich Belloni briefly updated the Board on facilities projects, first by reporting that all schools opened on time. The boiler at NIS is in the process of being installed. The new high school in Waldport opened four months earlier than originally planned. “We have a long list of little things to do,” said Belloni.

Chairman Beck gave kudos to Mr. Belloni, Darla Zagel, Kyle Luther and their team for their stellar work in overseeing all of the bond projects work.
