

## FROM THE PRINCIPAL

Dear Parents and Community Members,

This report card issued by the Oregon Department of Education offers a school profile based on a number of categories. This year's report card provides a school-wide snapshot of student achievement as measured by the Smarter Balanced Assessments in math, reading and science. Because 2014-15 was the first year of this new assessment, Schools in Oregon did not receive an overall school ranking or growth measurement on this report card.

Crestview Heights has transitioned to full implementation of the Common Core State Standards (CCSS). Our school improvement plan is focused on increasing academic achievement in language arts and math at all grade levels. STAR and other assessments regularly guide our teachers in improving instruction to meet

individual student goals, and those same measures are used to provide information to families about each child's academic progress.

The vision of Crestview Heights School is to be a place where students, staff, and families are 'Working together to grow and learn each day.' We value your partnership, and look forward to working with you this year to help your student succeed!

Thank you,

Principal | Kelly Beaudry

## STUDENTS

## OVERALL SCHOOL RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall school rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. Please note that this rating is based mainly on high-stakes testing and, accordingly, doesn't represent a complete view of your school's performance. Other aspects of this report card are designed to put this rating in the proper context.

**The U. S. Department of Education has given the State of Oregon approval to temporarily suspend the assignment of school ratings during the transition from the Oregon Assessment of Knowledge and Skills (OAKS) to the new college and career readiness assessments. Schools will not receive an overall school rating on this report card and will receive a new overall school rating on the 2015-16 school report cards.**
