

Visitors to District Facilities**

The Board encourages parents and other district citizens to visit the school and classrooms to observe the work of students, teachers and other employees. Such visitations should be prearranged and permitted within considerations of the requirements of the educational program, the orderly administration of the school, school grounds and classrooms and the safety and welfare of students. Teachers work must not be impeded by interruption of visitors or by unreasonable demands on their time.

To ensure that no unauthorized persons enter a school, all visitors will report to the school office when entering and will receive authorization to visit elsewhere in the building.

Any unauthorized person on school property will be reported to the principal or superintendent. The person may be asked to leave. Law enforcement may be called if the situation warrants such measures.

Students will not be permitted to bring visitors to school without prior approval of the principal.
