

Elementary Edmentum Office Hours

What are office hours?

- LCSD will provide office hours to support our E-Learners academically at the elementary level. It is imperative for students to utilize office hours to support academic progress, answer questions and get additional feedback/support as needed. Instructional tutor office hours will be provided through the zoom link above. This tutoring support will be conducted by experienced LCSD Certified Elementary Teachers to help students gain a deeper level of understanding in specific content areas through mini-lessons and discussion.
- In order to ensure these office hours are used efficiently please reach out to Mr. Lillebo (Edmentum Online Administrator) for questions regarding technology and/or navigating the Edmentum platform. In order to respect our teachers, students and families these hours of support will only be used for academic discussions.
